The „FuturLab” Sensory Garden

Instituto Politécnico de Bragança, Braganca (Portugal)

PROIECT ERASMUS+ TELESPA 2018-1-RO01-K201-049545

Futurelab sensory garden includes both indoor and outdoor space and harmoniously combines new technologies (QR codes) with natural materials that can be handled directly by children. In this beautiful garden, students can find trunks, sensory carpet, water fountain, aquarium, flower bed with virtual reality, etc.
